We extend a warm invitation to the Nursing Session of the 20th Annual Conference of PCSI (Pediatric Cardiac Society of India) 2019

Sri Sathya Sai Sanjeevani Hospitals provide pediatric cardiac care for those suffering from congenital heart disease, totally free of cost.

The Nursing Session of the conference is co-organized by Children's HeartLink, a not-for-profit organization based in Minneapolis (USA) founded in 1969, dedicated to saving the lives of children with heart diseases, in underserved parts of the world.

The conference aims to cover significant aspects of pediatric cardiac nursing through scientific sessions and skill stations.

Highlights Of Conference

- *Nursing professional development*
- *Best practices in pediatric cardiac nursing*
- *Compassionate nursing and communication for nurses*
